Why the Huge Promo?

Both my partner and I feel that it is very important for people to be able to at least try this form of healing, without having to worry about the cost, or if it will work or not, as we do realize that these type of services may be outside of peoples' budgets, so we have decided to go ahead and offer a Complimentary Initial Session to all of our new clients during the month of June (and depending on if it is successful and worthwhile, we may continue this practice).
